# FINAL STATEMENT

Entered on the

 John J. Fennell

15 Reg't of 7th Vol. I.

Killed in Action  
 VOLUNTEERS.  
 at Battle of Chancellorsville Oct. 1, 1862

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment cashed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his company horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which his discharge is reported. The descriptive list with these be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the Adjutant of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Receipts."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Landwarrant must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as the final statement, otherwise the account cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the General Adjutant, Washington, D. C.

### NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier: the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared: the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

**NOTE 2.**

When a probable cause for poisoning, special care must be taken to state the degree of disability—as *as if, &c., &c.*; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the patient, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Sir

Henry Clay Fields a private of Co. C. 15<sup>th</sup> Ky Inf. was dropped from his Company rolls as a "Deserter", and was not taken up on the rolls, when the Co. was mustered out. It was here a few days ago, I did not have a chance to arrest him, as he came up one evening and went back next morning. I do not know whether he has been discharged or not, but think he has not. I understood he is doing business, keeping a "Restaurant" at Madison Ind.

I report this that you may do what you think, should be done in the case.

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1, 2, &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1890 Regulations, Edt. 1891.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, syphilis, ulcers, or any chronic disease liable to be cured or temporarily produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# INSTRUCTIONS.

Certificates will be held out to display by the soldier's own company commander, or other officer commanding the company detachment, or sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will examine and sign the company's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his camp ordered thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the commanding officer of the proper authority, sign the soldier's discharge, and the discharge on this paper, and that the soldier is furnished with the proper final documents in duplicate, and forward both of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

has Hernia, on account of which  
I believe him unfit to perform

 CERTIFICATE OF DISABILITY FOR DISCHARGE

IN THE CASE OF

## NOTE 1

**NOTE L.**

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid in judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

If the facts are not known to the company commander, he will so state, and attach an affidavit of other officers.

When the facts are not known to any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

**NOTE 2.**

NOTE 2.  
When a probable case for pension, special care must be taken to state the degree of disability—on 4, 5, &c., &c. to describe particularly the disability, wound, or disease, the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate." *Revised Edn. 1861.*

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of militia, &c., &c.

# NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *total*, *partial*, *temporary*, *permanent*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are fully described in the within certificate."

For 1865 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, disengagement of the urinary organs, syphilis, ulcers, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificates be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

Certificates will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. Commanding the Reg't.

The Soldier desires to be addressed at  
 Louisville Ky

# NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability, as to the nature, extent, and duration particularly the disability, wound, or disease, the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The degree will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are accurately described in the within certificate."

See 1865 Regulations, Edit. 1864.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge, and especially in epilepsy, convulsions, chronic inflammation, disarrangement of the urinary organs, rheumatism, &c., or any obscure disease liable to be induced or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# REMARKS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward that to the regimental, detachment, or post commander, who will forward them, with his notes endorsed thereon, through the proper channel, to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially assigned.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the authorities of his proper authority, sign the soldier's discharge, and the discharge as this paper; and that the soldier is furnished with the proper book containing in duplicate, and forward BOTH of them to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given to the soldier.

Colonel

I have the honor to state  
that Lt Frank D. Parrett of Co. I. ac-  
cided a flesh wound in the  
right thigh, on the 8<sup>th</sup> of Oct 1862 at the  
battle of Chaplin Hills, and has  
since been absent at Louisville &  
some two or three months ago was  
assigned for light duty to Park Bur-  
of 3<sup>rd</sup> Regt. Mass. 1<sup>st</sup> Div. He has been re-  
promoted himself. Monthly by Surge-  
on's Certificate and has repeatedly  
promised to join his Regt. ~~Very~~  
~~been~~ but has failed to do so  
and a few days since he went  
to Frankfort Ky and succeeded  
in having himself promoted to  
the rank of 1<sup>st</sup> Lt. in his Company  
without being recommended by  
any one connected with this  
Regt. The Captain now present in  
command of Co. I. is the only  
Officer with the Company & was seriously

wounded in the shoulder at the  
battle of "Chaplin Hill" and needs very  
much the assistance of St. Francis in  
said case. I would further state that  
I have reasons to believe that St. Fran-  
cis has been fit for duty for some  
time past, if he is able to travel  
over the country to be promoted,  
he should be required to discharge  
the duties under his new promotion.  
I would most respectfully and  
respectfully request that an order  
be issued ordering him to again  
take the right - at once - to being with-  
in the right - the right - now  
fit for duty - belonging to this right - now

Private Frank Gitz of Captain George J. Limberg's Company, (I) of the 15th Ky. Vol. Regiment of United States Army was enlisted by Lys. P. Webster, Mustered Officer at Camp Webster, Ky. on the eleventh day of November 1861, to serve three years; he was born in Germany in the State of \_\_\_\_\_ in twenty-nine years of age, five feet 11 1/2 inches high, light complexion, gray eyes, light hair, and by occupation when enlisted a Miller Master. During the last two months said soldier has been unfit for duty 30 days. (See circular direction on Form 10, p. 100, Medical Dept. Gen. Reg.) When enlisted said Gitz was apparently well and sound, though according to his own statement he was ruptured before he enlisted. Lys. P. Webster, Capt. Camp Jefferson, Ky. Commanding Company. Date: Jan. 27, 1862.

I certify that I have carefully examined the said Frank Gitz of Captain Limberg's Company, and find him incapable of performing the duties of a soldier because of \_\_\_\_\_ disease, which disease he had at the time of his enlistment. He was not sent to the service at Lexington without medical examination.

Luther P. Webster Surgeon 15th Ky. Vol. Discharged, this 18th day of July 1862

(his name) On Mitchell B. Ford Commanding the Post.

Note 1.—When a private case for pension, valid one must be taken to state the degree of disability.  
Note 2.—The place where the soldier desires to be allowed may be here added.

FINAL STATEMENT

VOLUNTEERS.

Dis June 5. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other commanding officer commanding the company will certify to the act of the delivery of the duplicate certificate; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the papers returned on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to the fact on the back of both these final statements, and add to the time he has pay due for having been so entitled on his own horse.

NOTE 3.—When a Soldier is discharged with final statements his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. The endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, as far as comprises a complete outfit of his outfit. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for each pay, &c., are sent by the Adjutant of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipment, and other miscellaneous charges, should appear under the heading of "Other Discharge."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amount due the Soldier and Landowner must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well upon the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for detached volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier due to be drafted or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the General Adjutant, Washington, D. C.

JEFFERSONVILLE, IND.,

June 8<sup>th</sup>

1865.

Captains:

Thomas D. Grooman, late a private in Co. H, 15<sup>th</sup> Regt., was sent while in the service, to this hospital, for medical treatment. He was discharged from the service before he had recovered. In the mean, he appeared before the Examining Board, at Lexington, Ky, and passed a satisfactory examination, and was sent a commission as 1<sup>st</sup> Lieut. of colored troops, but the name was in some way wrong, and was returned for correction. His commission has yet been sent. In the meantime he informed me that he had on two occasions been put on duty as an acting Lieutenant, and was directed by Maj. Davidson to remain here until he received his appointment. In the meantime and while the present he has had his antiaetere from 1<sup>st</sup> day. to the present date. He is a poor boy, and an orphan, and his record shows that he has distinguished himself for gallantry, he having entered the service at 14; and served until his three years expired. In the circumstances, I have to request that the Genl. Comdg. will authorize to draw from the Com. Regt. rations for the term of his antiaetere from death.

Respectfully

M. J. Smith  
Surgeon U. S. A. in chg.

6 The only excuses allowed for absence are:

1st. An order for leave, (as described in Paragraph 1.)

2d. Disability from wounds received in service.

3d. Disability from disease that renders the party unfit for military duty.

4d. Disability from disease that renders the party unfit for military duty, and on reading duty by absence about the town, city, or neighborhood in which he may be, will be considered fit for military duty, and on reading duty by absence from his command.

7. When an officer has been compelled by ill-health, or wounds, to remain absent beyond the time granted him in orders, the Surgeon's Certificate which he forwards, will authorize his absence. It is shall be found satisfactory. On his return to his command, he may be tried by a Court Martial, or a Military Commission, appointing by the General commanding his division, army corps, or army; may examine his papers, and determine whether he was absent from proper and sufficient cause.

8. An officer cannot draw pay for any time of his absence after his leave granted in orders expires, until the court, or commission, which judges his case after his return to his command, reports favorably.

9. Officers of volunteer regiments who have been absent from duty more than sixty days on account of wounds, or disease contracted in the line of their duty, and who are still unable to return to duty, are liable to be honorably discharged, in order that their places may be filled by others fit for said service. For this class of officers, Congress has provided pensions.

If they subsequently become fit for active duty, they are eligible to a new appointment, at the discretion of the Governor of their State.

10. In case of continued disability for active duty, officers who have made the reports described in Paragraph 4, may, if they so desire, tender their resignations direct to the Adjutant General of the Army.

I do hereby certify that I have carefully examined this officer, and find that [Here the nature of the disease, wound or disability is to be fully stated, and the period during which the officer has suffered under its effects,] see

has presented a report that he has suffered from  
ocular erythema, which he has had for months  
and that in consequence thereof, he is, in my opinion, unfit for duty, and not able to  
travel, (Paragraph 4.) I further declare my belief that he will not be able to resume  
his duties in a less period than [Here state candidly and explicitly the period which will

1. Commanders of Department Departments are authorized to grant leaves of absence in accordance with the General Regulations of the Army; but all officers of whatever grade, are prohibited from visiting the city of Washington without the special permission of the War Department.

III... No application for extension of leaves of absence will be granted by the War Department unless such extension is recommended by the officer granting the leave.

Under the foregoing, and in case of sickness, the leave will be for twenty (20) days, and the application must be accompanied by a Surgeon's Certificate of Disability, to the effect that a change of location is necessary to save life, or prevent permanent disability.

2. When and otherwise specified, leaves of absence will continue the day an officer is relieved from duty at his post, after receiving the order granting him leave.

3. At the expiration of his leave, the officer must report in person with his command, and not at the office from which his leave issued.

4. If an officer be not able to travel at the expiration of his sick leave, he must report his address to the commander of his post, regiment, or corps, and also to the Adjutant General of the Army; and in his first report state the day when his leave of absence commenced. These reports must be repeated every twenty days, and each one must be accompanied by the certificate of a Medical Officer of the Army, made in the usual form, [see back of this,] and stating that the officer is not able to travel. If there is no army physician in the place where the officer resides, the certificate of a citizen physician, the truth of which must be sworn to before a civil magistrate, may be submitted. Extensions of sick leave are not granted in orders.

5. Invalid and wounded officers, although their disability may not have been entirely removed, should go, as soon as they are able to travel—those whose regiments are serving in the East, to Annapolis; those whose regiments are serving in the West, to Cincinnati, Ohio. At these points they will remain until able to proceed to their regiments; or until an Examining Board may decide adversely on their ability to return to duty within a reasonable time, when orders will be given for their discharge. Immediately upon arrival at Cincinnati, or Annapolis, as the case may be, the commanding officer of the post will direct the officer to report in person to the senior officer of the Board convened, by orders from this Office, for the

These reports must be repeated every twenty days, and each one must be accompanied by the certificate of a Medical Officer of the Army, made in the usual form, [see book of this,] and stating that the officer is not able to travel. If there is no army physician in the place where the officer resides, the certificate of a civilian physician, the truth of which must be sworn to before a civil magistrate, may be submitted. Extensions of sick leave are not granted in orders.

5. Invalid and wounded officers, although their disability may not have been entirely removed, should go, as soon as they are able to travel—those whose regiments are serving in the East, to Annapolis; those whose regiments are serving in the West, to Cincinnati, Ohio. At these points they will remain until able to proceed to their regiments; or until an Examining Board may decide adversely on their ability to return to duty within a reasonable time, when orders will be given for their discharge. Immediately upon arrival at Cincinnati, or Annapolis, as the case may be, the commanding officer of the post will direct the officer to report in person to the senior officer of the Board convened, by orders from this Office, for the consideration of sick officers.

6. The only excuses allowed for absence are:

1a. An order for leave, (as described in Paragraph 1.)

2a. Disability from wounds received in service.

3a. Disability from disease that renders the party unfit for military duty.

But any officer whose health permits him to visit watering places, or places of amusement, or to make social visits, or walk about the town, city, or neighborhood in which he may be, will be considered fit for military duty, and as coming daily by absence from his command.

7. When an officer has been compelled by ill-health, or wounds, to remain absent beyond the time granted him in orders, the Surgeon's Certificate which he forwards, will gubernize his absence, if it shall be found satisfactory. On his return to his command, he may be tried by a Court Martial, or a Military Commission, appointed by the General commanding his division, army corps, or army; may examine his papers, and determine whether he was absent from proper and sufficient cause.

8. An officer cannot draw pay for any time of his absence after his leave granted in orders expires, until the court, or commission, which judges his case after his return to his command, reports favorably.

9. Officers of volunteer regiments who have been absent from duty more than sixty days on account of wounds, or disease contracted in the line of their duty, and who are still unable to return to duty, are liable to be honorably discharged, in order that their places may be filled by others fit for field service. For this class of officers, Congress has provided pensions, if they subsequently become fit for active duty, they are eligible to a new appointment, at the discretion of the Governor of their State.

10. In case of continued disability for active duty, officers who have made the reports described in Paragraph 8, may, if they so desire, under their resignations direct to the Adjutant General of the Army.

# Form of Certificate for Sick Leave, and Absence on account of Sickness.

*1st Lt. John D. Garmely* of the *13th Artillery* Regiment  
 having applied for a Certificate of *Disability*

I do hereby certify that I have carefully examined this officer, and find that [Here the nature of the disease, wound or disability is to be fully stated, and the period during which the officer has suffered under its effects,] *he has*  
*transverse myelitis which has lasted for more than a year*  
*but has been on duty till recently*

and that in consequence thereof, he is, in my opinion, unfit for duty, and *not able to*  
*stand*, (Paragraph 4.) I further declare my belief that he will not be able to resume  
 his duties in a less period than [Here state candidly and explicitly the period which will  
 probably elapse before the officer will be able to resume his duties. When there is no  
 reason to expect recovery, or when the prospect of recovery is remote or uncertain, it  
 must be so stated.] *Twenty days. Will not be fit for duty in the*  
*field in less than six weeks.*

Dated at Cincinnati, Ohio, this *9th* day of *July* 188*4*.

APPROVED:

Note.—Regimental Surgeons, or Assistant Surgeons, absent from their commands, and Surgeons of Bands of Bandments, have no authority to furnish this Certificate. The same rule applies to other medical officers, except they are on duty with troops or in charge of United States hospitals. Certificates from medical officers not in the United States military service, must in all cases be given in.

CIRCULAR.

War Department,

ADJUTANT-GENERAL'S OFFICE.

Washington, D. C., May 29, 1884.

Medical officers authorized to grant certificates for "sick leave," or "absence on account of sickness," will use the form here-with. Certificates of a different form will not be recognized by the Department, nor will they serve to cover the absence of an officer. Medical officers departing from these regulations will be held to a strict accountability. Where applications are made to citizens physicians (as permitted in Paragraph 4, of this Circular,) the officer, so applying, will be held responsible for any departure from the orders and instructions herein contained.

## Oath of Allegiance.

I, James W Grey, do solemnly swear (or affirm) that I have never voluntarily borne arms against the United States since I have been a citizen thereof; that I have voluntarily given no aid, countenance, counsel, or encouragement to persons engaged in armed hostility thereto; that I have neither sought nor accepted nor attempted to exercise the functions of any office whatever under any authority or pretended authority in hostility to the United States; that I have not yielded a voluntary support to any pretended government, authority, power, or constitution within the United States, hostile or inimical thereto. And I do further swear (or affirm) that, to the best of my knowledge and ability, I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter, so help me God.

# Oath of Allegiance.

I, Woodford Hall, do solemnly swear (or affirm) that I have never voluntarily borne arms against the United States since I have been a citizen thereof; that I have voluntarily given no aid, countenance, counsel, or encouragement to persons engaged in armed hostility thereto; that I have neither sought nor accepted nor attempted to exercise the functions of any office whatever under any authority or pretended authority in hostility to the United States; that I have not yielded a voluntary support to any pretended government, authority, power, or constitution within the United States, hostile or inimical thereto. And I do further swear (or affirm) that, to the best of my knowledge and ability, I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter, so help me God.

I have the honor to request that an order  
be issued relieving Lieut Woodford Hall A. 2 m.  
of this regiment from the charge of the baggage  
of the Division. Sent back to Chattanooga from  
Ringold and Kingstons. It is almost if  
not entirely impossible to get along without him  
at this time as the returns of C. C. & P. Equipage for  
which he is responsible are becoming due; and if  
the returns are not promptly rendered he will be  
brought into trouble as well as all the officers of  
the regiment.

Col. C. Goddard,

Apt. General

Sir,

I have the honor to ask  
for an order from the Commanding General,  
to go to Nashville to get a horse from  
the Quartermaster's department.

Finding it impossible to buy one  
in this section of Country, I applied to  
Col. Hodges yesterday, and he informed  
me that he had no horses for sale  
this side of Nashville, and that  
an order from General Rosecrans  
would be necessary to enable me  
to procure one there.

As I am frequently on duty as  
Officer-in-Charge &c. and obliged to  
transport a horse on such occasions,  
I trust that the necessary order  
may be granted, to get me at Nashville,  
as soon as convenient.

Yours truly,  
J. M. W. H.

General

Inasmuch as an application for a "leave of absence" was disapproved at Head Quarters Post. through a misunderstanding, a few days since: I have the honor to renew the request that a "leave" be granted me for thirty (30) days, in order that I can attend to business demanding my appearance in Cincinnati & Chicago Ills. I do not desire to go before Col Taylor returns. I have never had a "leave" since I entered the service in 1861. Col Taylor is the only officer absent from this regiment. Hoping that my absence will not be inconsistent with the good of the Service.

I have the honor to be very respectfully

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate must be accompanied by an affidavit of other persons having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Per. 1880 Regulations, Ed. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, stoma, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until a careful and thorough examination to detect any attempt at deception.

THE DIRECTOR OF THE

DIRECTOR OF THE

This certificate will be made out in duplicate by the soldier's own company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is kept. The surgeon will then fill out and sign the surgeon's certificate, and forward them to the regimental, detachment, or post commander, who will forward them, with his own endorsement thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, are that the soldier is furnished with the proper final statement in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given back to the hands of the soldier.

Off- Wm H. Harrison (C.B.) of the 15<sup>th</sup> Regt of

accompany his resignation, I do hereby certify  
that I have carefully examined this officer,  
and find that in May 1862 he had an  
attack of Typhoid fever by which he was  
greatly debilitated, in October he was affected in  
nearly the same way (this attack was not so severe)  
from which he has <sup>never</sup> ~~not~~ in my opinion fully  
recovered, he is also suffering from Chronic  
Dysentery, which can only be held in check  
for a few days at any one time.

In consequence thereof, he is,

# NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability; and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. p.*, &c., &c.—to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his personal opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

For 1860 Regulations, Ed. 1861.

Medical officers, in giving certificates of disability, take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, catarrhs, ulcers, or any chronic disease liable to be cured or purposely produced; and in no case shall a certificate be given until after sufficient time and care to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the soldier, company commander, or other officer commanding the company, &c., to which he belongs and sent by him to the proper authority of the hospital where the soldier is sick. The surgeon there fill out and sign the company's certificate, and forward them, one to the regimental detachment, or post commander, who forward them, with his own endorsed thereon, through the proper channels, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other command; or to whom the military or discharge orders may be applied.

These certificates, after having received the notice of the proper authority to which they are required to be sent, will be forwarded through the same channels to the regimental post, or detachment commander, who will, if the discharge is authorized by the order of the proper authority, sign the soldier's discharge, and the certificate on this paper, and that the soldier is furnished with proper final statement in duplicate, and forward BOTH of them direct to the Adjutant General United States Army, Washington, D. C.; they will not under any circumstances be given to the hands of the soldier.

# FINAL STATEMENT

Nathan C. Brady

15<sup>th</sup> Regt of Kentucky

**VOLUNTEERS.**

Dis. Sept 25. 1864.

NOTE 1.—For of these certificates (or duplicate) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that in any case money from the Paymaster the pay, &c., due him, and discharge or other certificate of the company commanding the company will certify to the act of the delivery of the duplicate certificate; on these certificates the Soldier is entitled to his discharge; and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificate.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both the final statement, and also to the time he has pay due for having been mounted on his own horse.

NOTE 3.—When a Soldier is furnished with Government arms, he must give a receipt for the same, and should be taken up by the officer who gives the Soldier these arms, and ordered with a discharge to the effect that the Government should furnish a full statement of the things for which the Soldier was allowed pay on his final statement, the discharge, and all other charges against him or in his favor, as to the discharge, a complete receipt of his account. It will then be transmitted to the paymaster of the Soldier, who will enter all the same necessary to the discharge of the Soldier's account on the proper roll upon which the Soldier's discharge is reported. The duplicate list will then be destroyed. The object of this is, that the regulating portion of the Soldier's account may be settled upon the receipt of these matters, and the Soldier receive any pay or discharge due him to the last of the date of his discharge, and which may be upon the final statement from the fact that his descriptive list is complete. These accounts to be kept by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to uniforms, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Charges."

NOTE 5.—Money paid by State collection, and not by the United States, will not be entered on this statement.

NOTE 6.—Amount due the Soldier and Company must be entered on the matter roll on which the discharge, death, or other, &c., is reported, as well as the final statement, otherwise the roll cannot be returned from the United States.

NOTE 7.—The roll will be used for discharges and drafts only, as well as other matters.

NOTE 8.—When a Soldier dies in the field or is detailed on detached service, &c., if he has any, should be sent with the final statement to the General Auditor, Washington, D. C.

Adjutant General's Office,

Sir:

Yours of the 14th inst. regarding a Description List of Capt. H. A. Hendren, of the 1st Regt. of Col. in Company G, 15th Regt. of Volunteers, I have the honor to forward the following "Description List" obtained from the records of this Office: which, from the want of the necessary data, (which is in the possession of the Company Commanders,) is only "partial."

Hugh Hendren, a Capt. in Company G, 15th Regt. of Volunteers, I have the honor to forward the following "Description List" obtained from the records of this Office. He was enrolled on the 10 day of Oct. 1861, at the town of Camp Sherman in the State of Ky by Gilman, and married into the service of the United States on the 14 day of Dec. 1861, at the town of Camp Sherman in the State of Ky by Capt. D. H. Webb, to serve for the period of 3 years, and "during the war."

#### ACCOUNT OF PAY.

It is found on the Monthly Rolls of his Company for the month of dated March 14, 1865 that he was last paid by Paymaster Dyer to the 31 day of Dec. 1863.

#### ACCOUNT OF CLOTHING.

The files of this Office furnish no account of clothing: it must be obtained, if obtained at all, from his Company Commanders.

#### REMARKS.

On Grand Roll kept up to "Discharged near Knoxville" on June 1st 1864.

Very respectfully,

Yours obedient servant,

Spent 7 weeks

Assistant Adjutant General.

This "Partial Descriptive List" is given in order that the soldier may be discharged at once, without waiting for a discharge from his Company Commanders, and, having been used by the proper officer to make out the soldier's final statement, should be covered with a statement to that effect by the officer. This statement should be a full statement of the time for which the soldier was allowed pay on his final statement, the clothing company remittance of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The object of this is, that the remaining portion of the soldier's account may be settled upon the muster roll upon which the soldier's discharge is reported, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statement from the fact that this list is incomplete or "partial."

Colonel

I have the honor to  
refer to you the case of Hugh  
Kendrick Priv. Co. G. 15<sup>th</sup> Reg. Fols.  
who is reported on the enclosed  
descriptive list as having deserted  
June 1. 1864. near Kennesaw. Ga.

He states "he was captured  
about that time by guerrillas, in-  
side of our picket line, while he was  
hunting for water, - confined  
in rebel prisons until March  
16. 1865. when he was paroled.

As he is to be mustered out. and  
the charge is evidently an error, I  
would respectfully request that it be  
removed.

Very Respectfully,

✓ O.p. ret'd. (C. of O.)

# NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as *l. l. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

— See 1229 Regulations, Ed'n. 1861.

Medical officers, in giving certificates of disability, are to state particularly cases in all cases that have not been under their charges and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, &c., &c.; or any obscure disease liable to be fraudulently or purposely produced; and in no case shall such certificate be given until after sufficient time and opportunity to detect any attempt at deception.

# DIRECTIONS.

The certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then sign and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them with his notes ordered thereon, through the proper channel, to his division commander; or, if the things are not referred to a division, to his corps, department, or other commander or officer to whom the authority to discharge soldiers does not in special duty.

These certificates, after having reached the office of the Medical Director to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the regulations of the proper authority, sign the soldier's discharge, and the last certificate on this paper, so that the soldier is furnished with the proper final documents by duplicate, and forward both of them separately direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

# NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. a. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are accurately described in the within certificate."

For 1860 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, enlargement of the urinary organ, catarrhs, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DIRECTIONS.

This certificate will be made out in duplicate by the military surgeon, commander, or other officer commanding the company detached as to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward three copies to the regimental, detachment, or post commander, who will forward them, with his entire medical stores, through the proper channels, to his corps, department, or other commander or officer responsible, to his corps, department, or other commander or officer responsible, to his corps, department, or other commander or officer responsible.

When certificates after having reached the office of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is ordered by the commanding officer, sign the soldier's discharge, and the two certificates on this paper; see that the soldier is furnished with the proper final statement in duplicate, and forward copies of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given from the hands of the soldier.

10 Regt of Ky Inf

2nd  
In Battle  
Volunteers. Oct. 8, 1862  
Chaplain H. H. Hill

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster have the payment entered on it. The discharge is to be given by the Soldier by the Paymaster; the latter only retaining as his vouchers duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him as in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier's company on the master roll upon which full understanding of the Soldier's account on the master roll will then be the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of three master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 6d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to equipment, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Expenses."

NOTE 5.—Money paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Soldier and Landworn must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for drafted volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to the 6d Auditor, Washington, D. C.

Lieut. VOLUNTEERS Dec 31, 1862

in Battle Stone River Tenn.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDING OFFICER commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipts of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Expenses."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for detached volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

Pt Thomas Hodges

Co B  
15 Reg't of Ill Inf't

Private VOLUNTEERS. Oct. 8. 1862  
In Battle. Chaffin Hills, Mo.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the master roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these master rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landrum must be entered on the master roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—When a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, to duplicate, to the Second Auditor, Washington, D. C.

ADJUTANT GENERAL'S OFFICE.

# NOTE 1.

The company commander will have add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

# NOTE 2.

When a probable cause for pension, special care must be taken to state the degree of disability—as  $\frac{1}{2}$ , &c., &c.: to describe particularly the disability, wound, or disease; the extent of which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by request of the soldier, after a personal examination, and the disability, the nature, degree, and origin of which are accurately described in the within certificate."

Sec. 1233 Regulations, Ed. 1881.

Medical officers, in giving certificates of disability, are to use particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, rheumatism, disorganization of the urinary organs, syphilis, alar, or any chronic disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

# DISPOSITION.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the company detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will sign it and sign the company's certificate, and forward these to the regimental, detachment, or post commander, who will send them, with his own command thereon, through the proper channels, to the division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer having the authority to discharge soldiers may be specially ordered.

These certificates, after having reached the office of the highest authority to which they are required to be sent, will be returned to the most channel to the regimental, post, or detachment commander, who will, if the discharge is recommended by the commander, sign the proper authority, sign the soldier's discharge, and the certificate on this page; see that the soldier is furnished with the proper discharge in duplicate, and forward both of these to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given to the hands of the soldier.

**CERTIFICATE OF DISABILITY FOR DISCHARGE**  
**✓ IN THE CASE OF**

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended to the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as A. J. D. C. has to describe particularly the disability, wound, or disease, the extent to which it deprives him of the use of any limb, or lanky, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharge by Medical Inspectors, the last paragraph will state that the "discharge was given by medical authority, after a personal examination, and for disability, the nature, degree, and origin of which are currently ascertained by the medical authorities."

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

When a probable case for pension, special care must be taken to state the degree of disability—as 1, 2, 3, 4, 5, 6, 7, 8, 9, to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The Surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are usually specified in the written certificate.
